WILL MARRY SISTERS AFTER M.U. ROMANCE

H. S. Dailey and W. M. Dinwiddie to Wed Nelle and Margaret Carter.

ALL HOLD DEGREES

To Be Double Wedding November 8, At Home of Brides' Parents.

That there is one University course which is not in the catalogue is evinced by the frequent culmination of many romances begun during student days. The latest one in Columbia is the announcement of the double wedding of two sisters, University graduates, and two graduates of the School of Law. The marriage of Miss Nelle Mae Carter to Mr. Herley Smith Dailey and that of her sister, Miss Margaret Elizabeth to Walter Norris Dinwiddie, prosecuting attorney of Boone County, will be at 8 o'clock Wednesday, November 8, at the home of the brides parents, Mr. and Mrs. Joel W. Carter, "Ormehurst," on the Ashland gravel road. The ceremony will be performed by the Rev. Madison A. Hart.

Miss Nelle Carter was graduated from the University with the degree of B. S. in Home Economics in 1912 and took her A. B. degree the following year. She was then made assistant in home economics in the University. Her sister was graduated from the College of Arts and Science in 1912, and has remained at home since that time. Both are members of the Alpha Phi sorority.

Mr. Dailey has been a resident of Columbia for eleven years, having come here in 1905 to attend the University. With his brother, he began the firm of Dailey Brothers. He received a degree of LL. B. in 1910 and since that time has practiced law here. He was defeated last year for the nomination for city attorney and then went into the insurance business. He now divides his time between Columbia and St. Louis, where the main office of the company is located.

Mr. Dinwiddie is a native of Howard County, but has lived in Columbia since 1906, when he entered the School of Law. He received his degree in 1909 and has since practiced law here. He was elected city attorney in 1911 and re-elected in 1913. Two years ago, he was elected prosecuting attorney and is the nominee this year.

U-BOAT REPORTED AT NORFOLK But Naval Officials at Fort Monroe Refuse to Confirm Rumor.

By United Press
WASHINGTON, Oct. 27.—Unofficial reports late this afternoon say that a German submarine has arrived at Norfolk. The department refused to discuss the matter.

Can't Verify Report.

By United Press
NEWARK, N. J., Oct. 27.—The report on the waterfront that a German submarine had been sighted near the coast could not be verified by naval officials at Fort Monroe this afternoon.

Officials Doubt Report.

By United Press
BALTIMORE, Oct. 27.—"Possibly a war submarine" said officials of the merchant submarine company today when told that the steamboat Holken had sighted an undersea craft off the coast at Norfolk. The officials said that the company would have known if a commercial U-boat had been near the American coast. They were inclined to doubt the report.

BOAT, AFIRE, RACING TO PORT

Liner Chicago, With 180 Passengers Expects to Reach Fayal Today.

By United Press
NEW YORK, Oct. 27.—The French line steamboat Chicago, which left Bordeaux October 22 for New York with 180 passengers aboard, is racing for Fayal in the Azores with a fire in one of her holds, according to advices received here late today by the maritime exchange through Lloyds. The Chicago, a ship of 10,502 tons, was expected to reach Fayal today.

HEAR ABOUT THE GAME

The Missourian, in accordance with its custom each year, has sent a correspondent with the Tiger team to Norman, Okla., to report the Missouri-Oklahoma football game in that city tomorrow.

A play-by-play report of the game will be received by telegraph. The reports will be announced at the Hall Theater matinee and posted in front of the Missourian office in the Virginia Building on South Ninth street.

DEAD MAN'S FAMILY IN NEED

Forsee's Widow Is Refused Credit—Ranchman to Rescue.

Mrs. Charles Forsee, wife of one of the victims of the Ash street sewer ditch accident, stood in her home this morning and with tears trickling down her cheeks, told of the condition of her family.

The oldest of the children is a boy, Anderson, sixteen years old. He is employed by the Hamilton-Brown Shoe Co. at a salary averaging about \$5 a week, and is the only means of support of the family. The other children are Emmett, age 13, Mary, age 12, and Carl, age 5. The little girl has just recovered from a four-weeks illness of typhoid fever.

The family live in a house of four exceedingly small rooms, but pay about \$9 a month for rent. The father received a low wage for his work, so the financial condition of the home is in a very bad strait.

Credit for a sack of flour was refused them this morning, but a ranchman who has just returned from North Dakota went to the aid of the distressed people and purchased the necessary foodstuffs for them.

The funeral services were held at the home this afternoon by the Rev. Madison A. Hart. The body was buried in the Columbia cemetery.

A. J. ESTES CASE GOES TO JURY

Columbian Is Suing Insurance Company for \$465 Damages.

The suit of A. J. Estes of Columbia against the Hartford Insurance Company for \$465 damages from insurance on a shipment of cattle from Virgil, Kan., to Hartsburg, Mo., was tried in Judge David H. Harris' Circuit Court and given to the jury late this afternoon. The stock was shipped last February from Virgil, Kan., and upon its arrival at Hartsburg one cow was dead and four others died soon after. Evidence showed that the stock was in good condition when it was loaded into the cars at Virgil and that the cows averaged about 800 pounds apiece.

The petition case of Lizzie Martin against Edward T. Martin was also tried this afternoon and the court found that Mrs. Martin deserved a special claim on account of the purchase price of some land, amounting to \$350. This was ordered to be paid in cash to the plaintiff.

Court ended this afternoon with the Estes case. The next term of Circuit Court begins the first Monday in January.

GOOD WEATHER FOR THE WHEAT

Although Some of It Is Late the Crop Will Winter Well.

"The late rains and fair weather will allow the farmers to get their wheat in excellent shape," says J. M. Jordan, institute lecturer of the State Board of Agriculture. "Although some of the wheat is a little late, it will still grow through the winter in pretty good condition. Two dollars a bushel for wheat is mighty attractive. Even the fine hog prices do not make farmers hog hungry when they get \$1 a bushel for their corn, too."

1,100 Old Guard Buttons Sold.
Eleven hundred old guard buttons have been sold by the Student Council. The proceeds are \$135.

SIXTY CO-EDS PLEDGE TO SUFFRAGE LEAGUE

They Are First State University Women to Join National Association.

25 SCHOOLS IN PLAN

Organization Here to Meet Thursdays—Miss Mary Robertson President.

Sixty University women have pledged themselves to support the cause of equal suffrage and to spread its influence throughout the University and state. Missouri was the first state university to join the National College of Equal Suffrage League, which is affiliated with the National Suffrage Association. About twenty-five schools and universities are represented. Toward the end of the last school year, the college league was founded here, but no definite plans were made.

The league last night made the decision to begin work at once, according to the principles of the national league. These plans are to get all college women, including alumnae, interested in suffrage and to enlarge the scope by interesting all local women, especially as to the significance of the federal amendment.

Each meeting of the University branch will be conducted by the members themselves, and a program will be given each time. In addition, a speaker of national importance, sent by the national headquarters, will address one meeting of the year. These meetings will be held at 7 o'clock every other Thursday night.

Miss Mary Robertson is president of the club. Other officers are: Secretary and treasurer, Miss Gladys Baker; assistant treasurers, Misses Thelma Gwinn and Loretta Funke. Misses Lois Hodges, Helen Redding and Clara Dunn are members of the board.

One graduate of the University, Miss Alma Sasse, has been active in national suffrage work for more than a year. Most of her time has been spent in West Virginia, where she has conducted suffrage campaigns. She has now gone to Washington to help there in working for the federal amendment.

WON'T MOVE STEPHENS COLLEGE

Rumor of Change of Location Denied—Must Remain Here.

There has been some talk throughout the state to the effect that Stephens College would be moved from Columbia to Liberty. This was based upon the report P. W. Padelford, secretary of the Northern Baptists Association, made last winter after visiting Missouri. Mr. Padelford suggested that all the Baptist schools for girls be centered at Liberty. No action has ever been taken on this suggestion.

E. W. Stephens, member of the Board of Curators of Stephens College, told a Missourian reporter this morning that there is no probability, nor even possibility, that the location of Stephens College will be changed. "The charter calls for the school to be at Columbia," said Mr. Stephens; "the gifts have been made to the college on condition that the school be here, and the consent of the board would have to be obtained before any change could be made."

That the Board of Curators has never considered changing the location of the school was affirmed both by Mr. Stephens and by W. W. Charters, president of the board.

A change in the manner of choosing the members of the Board of Curators was made at the recent convention of the Missouri Baptists Association at Liberty. Formerly members of the board were selected by the Missouri Baptists Association, but in accordance with a report made by Doctor Charters the board will henceforth be a self-perpetuating body. "This and a few other changes suggested by Doctor Charters," Mr. Stephens said, "are to make our charter similar to that of William Jewell."

"When Stephens was founded the intention was to make Stephens the state college for girls just as William Jewell is the state college for boys. But the charters read differently in that William Jewell's Board of Curators is a self-perpetuating body. The change, which was approved by the Missouri Association and was not opposed at all, we think makes the management of the property of the college a safer proposition."

DESTROYERS BATTLE IN ENGLISH CHANNEL

Germany Strikes At Transport Service, Sinking One British Steamer.

2 RAIDERS GO DOWN

Mackensen Nears Harsova—Russo-Rumanian Retreat 20 Miles North.

By United Press
LONDON, Oct. 27.—British and German destroyers clashed in a short naval engagement in the English Channel last night, the admiralty announced this afternoon. The German warships attempted a raid under cover of darkness. Two enemy destroyers were sunk.

It is feared that one British destroyer was lost, the admiralty added, and another disabled.

"Last night ten enemy destroyers participated in an attempt to raid the cross-channel transport service," said the admiralty statement. The empty transport Queen was sunk, and the crew was saved. Two of the German destroyers were sunk and the rest driven off.

"The British destroyer Flirt is missing and it is feared lost. The destroyer Nubian was disabled and forced aground," added the statement. The naval fight last night is the first engagement of the war in the English Channel, excepting submarine activities, and the first serious clash between British and German warships since the great battle off Jutland, May 31, 1916.

German destroyers and cruisers have made several daring raids in British waters, approaching near enough to bombard eastern coast towns and darting back to port at the approach of the British warships.

Rumanians Retire From Railway.

By United Press
LONDON, Oct. 27.—Falling back under renewed hammer blows from Mackensen's army, the defeated Russo-Rumanian forces have retreated more than twenty miles north of the Cernavoda-Constanza Railway.

The German war office announced this afternoon that Mackensen's forces are approaching Harsova, twenty-five miles northwest of Cernavoda, in their pursuit of the enemy. An official statement from Sofia claimed that the Russo-Rumanians were everywhere in flight, evidently planning to evacuate practically all the Dobrudja province.

The Russian war office admitted a further retirement of about twenty-five miles.

On a large part of the Transylvanian front the Rumanians continued their heavy attacks against the Austro-Germans, though the German war office claims the repulse of these attacks and further progress in the invasion of Rumania from the west.

The battle on the northeast front of Verdun continued with more violence last night, with Fort Vaux, the objective of the French, in heavy attack.

Petrograd Says Lines Are Intact.

By United Press
PETROGRAD, Oct. 27.—Offering stubborn resistance to Mackensen's advance, the Russo-Rumanians in Dobrudja are retiring northward toward the Harsova line, thirty miles north of the Constanza-Cernavoda Railway. It was announced officially this afternoon. The Russian and Rumanian lines everywhere are intact.

British Liner, 10,320 Tons, Sunk.

By United Press
LONDON, Oct. 27.—The Johnson liner, Rowanmore, 10,320 tons, flying the British flag, has been sunk.

MERCHANTS' STOCK DECREASES

Rutledge Makes 3 Touchdowns in First Half of Columbia-Slater Game.

Completely outplaying the Slater eleven the Columbia Kewpies had piled up twenty points to their opponents nothing at the end of the first half of the gridiron battle on Rollins Field this afternoon. Rutledge, brother of the Tiger halfback, made all three of the touchdowns.

Several hundred football fans were on hand to see the Slater and Columbia High School eleven meet this afternoon at Rollins Field in a game which will have an important bearing on the State title. The local team outweighed the visitors by about ten pounds to the man, but the Slater backs looked fast in the preliminary workout. Dr. Gibson, the scrubs, coach, refereed the game, with Baker serving as umpire and Paul Vogt as head linesman. The line-up follows:

EXPOSES PATENT MEDICINES

Prof. J. W. Marden Gives Analyses Showing Worthlessness of Many.

How the unknowing and credulous public is exploited by unscrupulous vendors of patent remedies was explained by Prof. J. W. Marden of the chemistry department of the University in a lecture on "Proprietary, Medical and Toilet Preparations" before the Schweitzer Chemical Society last night.

The speaker based his lecture on the results of analyses made by H. E. Barnard of the Indiana Department of Food and Drug Inspection. These analyses covered many patent preparations, ranking all the way from a "hog conditioner," retailing at \$5 and valued at 60 cents, to a concoction to "make the eyebrows long and silky," selling for \$1 and valued at 3 cents.

A bulletin containing the name of the preparation, its manufacturer, claims, analysis, price, and value may be obtained upon application to Mr. Barnard at Indianapolis, Ind. Professor Marden, who formerly had charge of one of the laboratories under the Missouri Department of Food and Drug Inspection, confirmed many of these analyses.

CHIHUAHUA CITY IS CUT OFF

Wire and Railroad Communication Severed by Villa.

By United Press
EL PASO, Oct. 27.—Chihuahua City is cut off from the south, both wire and railroad communications being severed yesterday through a coup executed by Villa, and several Carranza forces coming up from the south will be delayed and ammunition supplies stopped from the north. This was learned this afternoon by government agents.

Grain Standard Hearings Today.

By United Press
WASHINGTON, Oct. 27.—Final hearings on proposed new regulations governing grain standards, provided in the grain standards act passed last August, were begun today, with Chief Charles J. Brands of the office of markets and rural organization, presiding. Producers of grain, merchants, manufacturers, bankers, members of grain exchanges, warehousemen, carriers and other representatives of branches of the grain industry were present from all over the country to present their views.

MOTHERS CLUB TRIES FOR BETTER MOVIES

Lee School Organization Starts Movement for More Children's Pictures.

TO SELL 600 TICKETS

Will Have Nature Films and Travels Shown Every Saturday Afternoon.

In an effort to get better movies for children the Lee School Mothers' Club, with the co-operation of the other Mothers Clubs and the Civic League, have guaranteed the Odeon, the only local theater willing to support the movement, a sale of 600 tickets for thirteen weeks at 65 cents each, which averages 5 cents a performance. The program will be of especial interest to children, as nature films and a series of "Uncle Sam" pictures, showing the different work done by the U. S. government, will be shown. All of the pictures will be educational except a comedy which will be given occasionally. The pictures will be offered on Saturday afternoons.

Mrs. L. D. Haigh said the main disadvantage to the pictures offered here, is that they are written for adults only. Giving the wrong conception of life to children, they do not satisfy their desires.

"When all the knowledge comes through the five senses and 90 per cent through the eyes, certainly the mothers of Columbia should demand better pictures for their children," said Mrs. W. F. Harshe of the Civic League, a guest of the club. "By law," she continued, "a picture too obscene cannot be shown, but after all it is public opinion that sets the mark."

"The greatest advantage to the usual pictures offered is that they are the worst enemy of the saloon and yet when the small child sees the 'villain' take a drink to steady his nerves, he is apt to remember it. It may influence him in later life," said Mrs. P. F. Trowbridge. She advocated more of the Lyman-Howe nature films and pictures of geographical and historical interest.

Mrs. C. L. Brewer, president of the club, said she had discussed the picture problem with several University students and that they had promised their co-operation. Since the last meeting of the club eighteen new members have been added. The next meeting will be November 22.

WANTS MORE COUNTY AGENTS

Business Men's League of St. Louis Has Campaign to Help Farmers.

To have a county agricultural agent in every county of Missouri, is one of the main objects of the campaign recently launched by the Business Men's League of St. Louis. At the present there are only fifteen county agents in the state.

The county agricultural agents are under the direction of the College of Agriculture, and are joint employees of the national government and the county.

The Federated Commercial Clubs of Missouri are co-operating with the St. Louis Business men. The campaign is one for the betterment and development of resources of the state.

GARCIA WILL VISIT NEW YORK

Mission Concerns Peace, Says De Facto General of Councils.

By United Press
EL PASO, Tex., Oct. 27.—Andres Garcia, general of councils for the Mexican de facto government, started for New York today on an urgent diplomatic mission for Carranza. A few days ago Garcia returned from Mexico City, after a conference with the first chief. "The mission is not concerned with the American-Mexican mediation commission, but it does concern peace between the United States and Mexico," said Garcia.
